Seventy Cents A Pack!

If you buy a pack of cigarettes in England, they'll cost you about 70 cents. A glass of beer involves an outlay of 30 cents or so. If you're lucky enoug to be able to find bacon or butter the price tag will stagger you. So it or arvining -- save for the barest necessities, such moup grades or croming and

other manufactured goods.

The reason is that the British government establishes the price for which goods may be sold. There is no competition as we understand the word in this country.

There is no need for the producer or the retailers to try to do a better job than the next man, and to sell cheaper or to offer better quality, or to work at other consumer inducements. In a controlled economy, the political bosses make the decisions, and the rest of the people can choose between liking it and lumping it.

The British government has established high prices on a long list of items because it wants to make a tremendous profit--which it does. In a free economy, by contrast, the man who tries to gain such a profit is hellbent for bankruptcy. His business will simply go to other manufacturers or, in the case of retailing, to other stores. A compelling example of what competition does is found in the fact that, as a general rule, the profits now earned by retailers on each dollar of business done is smaller than it was in the OPA era.

No nation has ever had abundance--save for the inner few--under a controlled economy. All it gets is more and more scarcity.

Woman's Work"

There is no question, that Dr. Lillian Gilbreth, of Montclair, N. J., is a remarkable woman, for she bore twelve children and maintained a home as well as a career as a successful psychologist.

In fact, two of her children wrote a successful book about their family, appropriately called "Cheaper By

So it is starting to read the statement from this mother of twelve that raising a family and caring for a home is NCT a full time job a woman. Most woman with two children or more, undoubtedly feel that they do have a full time job.

It depends pretty much upon how many of the normal household chores a woman takes on herself, and how much is done for her by machinery, hired help and out-

There is an old Yankee saying that goes - "Man's work goes from sun to sun, but woman's work is never done." Thus we find the modern housewife and mother, in addition to her perfectly run home and well trained family taking time and opportunity to interest herself in the civic affairs of her community, to the general uplifting of living conditions social activities and community life.

When The Forests Burn

One match, one smouldering cigarette butt, one spark from a camp fire, can be the cause of the destruction of thousands of acres of timber that it took Nature centuries to create. And when the forests burn, the cruelest of deaths comes to the wildlife that live in their shelter.

This year, the country has witnessed a number of very serious forest fires. The hazard does not end with the summer months. There has been unusually dry weather in various sections of the country. Trees and woodlands will be ripe for destruction by fire for some time to

There seems to be a rather widespread idea that most forest fires are started by natural causes beyond the abby of man to prevent or control. That is not true. As forir Times has said, "Some fires, of course

the bining, but outliorities are agreed that nine out of ten are due entirely to human carelessness with matches, cigarettes or camp fires. Annually they cause direct losses running into many millions of dollars and equally serious indirect losses in the destruction of

our dwindling forest reserves. "

The human factor, in fact, is responsible for almost all fires, whether they take place in a forest, in a home, or in a factory. Carelessness, ignorance, indifference to rudimentary precautions-these are fire's friends. When we replace them with care and watchfulness, fire will be beaten.

Throngs Visit Airport To View "Mayflower" Zeppelin

A large number of visitors are tion Corporation at the Bedford being attracted to Bedford airport | Airport on Route 2A in Lexing. this week to watch the arrival and ton and will make regular flights mooring of the Goodyear Zeppelin | every day when weather permits. "Mayflower."

The mooring of this giant dirigible, which is now a familiar sight in many parts of the United States is a most interesting operation. When the airship is on the move. it is always accompanied by its own mooring mast which proceeds overland on a specially designed bus which also contains quarters for the experienced mooring crew. The bus and the airship are in constant radio communication with each other and never become separated by a distance of over 50 miles, in case weather conditions or other difficulty make it necessary to secure it to ground.

The Zeppelin is presently on an eight day visit to Boston in connection with the Convention of the American Trucking Association which is being held in Boston during the coming week. This operation of the Zeppelin is part of Goodyear's public relations and advertising program.

While in Boston, the 'Mayflower' Auto Plates is in custody of East Coast Avia-

knots and tangles! It really washes clothes

Only BLACKSTONE offers a scum-removing. double-action, agitated flush rinsel After the tub automatically refills for rinsing, a complete change of clean water is intro duced. As the agitator loosens dirt and soap scum which floats to the surface, a velocity spray flushes this scum from the top of the tub before the water is drained out, so it cannot be redeposited in the clean clothes. It really rinses!

The BLACKSTONE tub develops such power ful centrifugal force - due to its size and speed of rotation — that most clothes are dried so efficiently they can be ironed at oncel It can never twist or strain or tear the fabrics - nor break buckles or buttons! The swift, harmless centrifugal action of the BLACKSTONE really spin-dries!

Clubwomen Visit Navy Craft: Get New Ideas For Services

A group of local clubwomen, from both Winchester and Arlington following a most enlightening tour of the U. S. Kearsarge, Essex class aircraft carrier now undergoing repairs at the Charlestown Navyyad annex, at which time they served one of the shortest hitches on any naval craft, are urging their various organizations to adopt and forward to Washington resolutions calling for equal treatment of all branches of the arm-

izations with a total membership of approximately five thousand, boarded the Kearsage with the intent purpose of learning firsthand just what the Navy is doing with

By the time they came ashore more than five hours later, most of the group had agreed that the time for definite action had ar-

Sponsored by the Winchester Military Manpower Committee. all of the clubwomen were from Winchester, with the exception of Mrs. Stanley R. Kingman, of Arlington, who is chairman of the Arlington Military Manpower Committee.

The chairman of the Winchester that her committee is solely in-MMC, was strong in her emphasis terested in acquainting civilians with the functions of all branches of the service. She stated that she had conducted tours at various other installations, but had never before met with such a definite re-

The clubwomen fortwith decided to recommend an appeal to govern ment officials shortly after boarding a bus for the return trip home. Several whose organizations have bylaws which would prevent such

The women, representing organ- | are built into this ship," said Capt ain Johnson to his guests, terming the Kearsage "a \$100,000,000 in-

> The women climbed up and down ladders during the inspection visiting the sick bay, louges, engine and fire rooms, the galley and bake shop. They even sampled some of the 200 loaves of bread baked daily while the Kearsarge is in port and learned that the crew consumes 250 pies and 40 cakes every day.

In the fire room their interest mounted, for here they discovered that the normal speed of the ship is thinty knots, that eight boilers supply st eam for propulsion and that the generating plant produces 5000 kilowatts hourly, sufficient to light a small city.

Following the delicious ham dinner (the group was advised that the army purchases all meat for the navy), the tourists enjoyed motion pictures.

Lt. Commander Blackburn was literally bombarded with pertient questions thought up by the clubwomen, such as how long will it take to get the fleet out of mothballs and is it true that they are to be abandoned? Are they now relegated only to the training of reserve crews and is the navy's regular enlistment quota set so low action, remained silent, together that hundreds of applicants have with women connected with the to be turned away, or shunted into

The commander's face flushed, as he admitted that the Kearsarge were greeted by the skipper, Capt- had been relegated to the training ain Harland Johnson, of Aberdeen, of reserve crews, dodging other South Dakota, Lt. Commander and vital issues. The women, however, remembered the unanswered questions and as they headed for home, were all set for some immediate

BOSTON MAN INVENTS NEW MACHINE

Massachusetts may boast of the achievement of another native son, Harry A. Cowan of Boston, who has perfected a permanent hair removing machine and technic, which is called the "Thermiquetron System of Epilation." This machine represents sixteen years of intensive research and development and is a great improvement over the old style equipment formerly used in this field of endeavor, Thermiquetron is designed to meet the most exacting requirements and a skillful and properly trained operator can remove as many as 1,600 and more hairs an hour, making for speed in permanent hair removal hitherto unknown.

All Thermiquetron operators are thoroughly trained under expert supervision and are competent and skillful in the handling of all cases treated by them.

Mr. Cowan insists that the highest possible standard of operation be maintained at all times, since the value of this work is so beneficial to all who suffer with suprflous hair (hypertrichosis) and it is of vital importance that the operator be expert in order to get the proper results.

This system is medically approved and has been most successful in helping thousands of women a: d men to safely, speedily and permanently remove unwanted hair. In the Boston, Wshington, New York and Providence offices, the operators of Thermiquetron have letters and cards of appreciation, which state how much it has meant to all those treated to be rid of this problem. The heartfelt thanks shown the operators makes this painstaking work most rewarding.

Science has made great strides vital to the well being of mankind and we are proud that citizens of Massachusetts 1 ay so prominent a part in its progress,

K. OF C. DANCE Of great interest to Arlington at the Boston Conservatory of discriminating music lovers is the Music. Tickets will also be an sale DECEMBER 10

Arlington Council, Knights of Columbus, will hold its 55th anniversary banquet and dance at the Hotel Commander in Cambridge, on Saturday, December 10.

Observe 52nd Anniversary

Mr. and Mrs. Charles R. Duhig, of 35 Johnson road, Arlington, observed their 52nd wedding anniversary last Thursday. Mar-ried in Milford, they have made Arlington their home for the past fifteen years.

The couple have two sons and one daughter. They are John M. Duhig, of Washington, D. C., and Charles W. Duhig, of Cambridge. Mrs. John H. Maxwell, daughter of the couple resides in Glen Cove, Long Island. There are seven grandchildren and two great grandchildren.

Local Churchgoers Pleased At Honors Given Church Youth

Young people of all Episcopal churches are pleased at the honor given Harold L. Wright, Jr., of the Church of St. Augustine and St. Martin, Boston, who has recently been named as delegate at large of the National Youth Com-

Wright is one of four youths from the entire country to be named to serve in this capacity for the next three years, until the Episcopal General Convention meets in Boston in 1952. He has just returned from San Francisco, where the National Youth Convention has been held in onjunction with the general convention, making the trip both ways by plane.

Harold L. Wright is chairman of the Youth Council of the Diocese of Massachusetts and also of the Youth Commission of the Province of New England, He is organist and choir director in his parish having studied for two years at the New England Conservatory of Music. He is a freshman at Boston University and plans to enter the

ARLINGTON HIGH SURGES TO 6-0 YICTORY OVER MALDEN TORNADOS

After a few minutes of the sec-

ond period had passed with little

or no action by either club, Arling-

ton took the ball on the Malden

46 yard line and a pass from Cos-

Dick DeRosa fumbled and Charlie

Oppedisano recovered for Arting-

ton on the Malden 20 yard stripe.

Malden 12 only to lose it by miss-

O'Keefe and Maiuri of Malden,

then took turns marching the ball

back to the Arlington 17 yard line

in what was the strongest attack

the Malden team had made up to

this point. The Blue and Gold were

still moving closer to the Arlington

goal line when the clock stepped

The third period opened with

Malden receiving the ball on their

own 10 yard line and moving up

the field to the Arlington 49. Sack-

mary of Malden intent on gaining

more ground attempted a pass on-

ly to have Tobin of Arlington in-

The Red and Grey must have

left all the fumbles and pass in-

terceptions in the club house for

they now staged their biggest rally

of the day. Salisbury, Muello and

O'Brien marched the ball down-

field to the Malden 2 inch line and

Jack Cosgrove took it over on a

quarterback sneak in what proved

In the final period, the closest

the ball came to pay dirt was when

Malden kicked to the Arlington 15.

The Arlington triple threat and

the passing of Jack Cosgrove mov-

ed the ball from their own 15 to

he Malden 40 and were still mov-

ing as the final whistle blew.

Arlington

Malden

to be the only tally of the day.

tercept it on the Arlington 45.

in and the period ended.

The Spy Ponder's of Arlington, assisted by the terrific ball carrying of quarterback Jack Cosgrove, swept to a 6-0 victory over the Blue and Gold of the "Friendly City" before a capacity crowd of some 8500 last Saturday afternoon.

With this their fifth victory in as many starts, Arlington still remains tied with Lowell High for top honors in the Class "A" league.

from their own 35.

By Frank Mahoney

It seemed as though it was going to be Arlington all the way, when, in the opening minutes of the game Don O'Brien slipped through his own right end and went for 80 yards for the first Arlington touch grove to DeRosa was complete but

A clipping penalty, however, was called against Arlington withe 48 Red Salisbury took the ball to the yard line and the tally was called null and void, bringing the ball ing a first down. back to the Arlington 33.

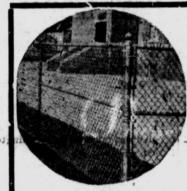

Arlington, still in possession of the ball, stanted another march and got all the way to the Malden 48 when Salisbury fumbled and Tortorella of Malden recovered.

Malden could not gain against the Arlington line so they kicked the ball, landing on the Arlington 11 yard line. The Arlington backfield trio, then moved the ball up to their own 25 and took to the air. A pass from Cosgrove to Salisbury put the ball on the Malden 44 but a second Cosgrove pass was intercepted by O'Keefe of Malden and grounded on his own 34. Malden was forced to punt and the period ended with Arlington running the ball back to the Malden 32

"Here's the Pitch"

By "Bump" Hadley

WBZ.WBZ-TV Sportscaster and Former Major League Pitcher

THE BOSTON BRAVES announced a week or so back that they had called up two pitchers,

Normic Roy and George Uhle, Jr., from their Milwaukee Farm Club in the American Association. I've had a lot of milestones in my life, and a lot of pretty happy mo-

HADLEY ments in sports, but I believe that one of my big baseball thrills will come the day that Normie Roy starts and wins his first game for the Boston Braves.

That boy is one of the nices kids you'd ever want to meet. Long before I realized that he was a baseball prospect, I saw Normie play fullback for Waltham High School, and he was a terror on He never ran around a man he could run over, and he just about made the Watch City eleven on several occasions.

I became so interested in him that I started to follow schoolboy basketball, just to watch Roy perform. He was an entirely different type of athlete on the basketball court. In football, he disdained finesse for power. On the basketball court, he relied entirely on guile and craft. He was a play-maker of the first water.

And then I had a chance to see a play for Ralph Wheeler's alden City Club in baseball. ice again he was a wonder. ower to burn, either on the mound or at bat. Deceptively fast on his feet. I haven't seen him pitch since, but he threw a one hitter in the American Association - and that's a hitter's

Normie Roy has been one of my boys" for five years now. He'll be your boy, when you see 0 0 6 0 6 him with the Braves.

finish. Winchester marched all the the distance to the five yard line way from its own 32 to the Fram- of the home team. Winchester held ingham 3 yard line. Paul Amico for three plays but on the fourth then went over for the first home- Garbarino bucked over, Smith kick town touchdown. Score Framing-

quarterback sneak. Score Framingham 6, Winchester 0.

Framingham Falls Before

A crowd of some 2000 fans saw Paul Amico of Winchester

The Framingham club drew first blood in the close contest,

rack up all of his teams touchdowns as Winchester High de-

when it recovered a fumble on the Winchester 23 yard stripe.

A series of line plunges by Garbarino, Chaves and McCallum,

moved the ball to the one foot line and McCallum went over on

feated Framingham 19-13 last Saturday afternoon.

In the second quarter, Winchester, not to be outdone, recovered a Framingham fumble at midfield, then with Paul Amico doing most of the running, the ball was marched down to the Framingham 16 yard line. Amico then went around end for the second Winchester tally. The half ended with Winchester leading 13 to 6.

ham 6, Winchester 6.

Early in the second half, Framingham recovered another fumble on the Winchester 26 yard line Points after TD, Smith, Bunk.

As the first period drew to a and on the first play Chaves went ed the point and the game was all tied up.

Framingham kicked off and Win chester received on the 39 yard line. Amico and O'Brien led the attack and Winchester took the ball to the Framingham 3. Amico carried through the line for the last two yards and Winchester had iced another victory. Score by periods

Framingham 6 0 7 0 13. Touchdowns, Amico (3), McCallum, Garbarino.

Arlington Grid Stars Score Against N.Y.U.

ner Arlington High gridiron stars scrimmage. But the referee had York University 38-0 last Satur- he let it be known that there-hadday afternoon at Fenway Park.

Brud Faulker made football history during this game when he became entangled in one of the place on the football field. Faulkner, who had been running particularly hard in the second quarter started off on what looked like N. Y. U. linesmen. an orthodox off-tackle play from his own 19. He drove three or four yards and seemed to be halted by a score of N. Y. U. tacklers on the 25.

N. Y. U had been making standing tackles all afternoon and when aFulkner's momentum stopped, although he was no down,

Charles Kent and George Faulk- they let go of him to return to of recent years, both scored their not blown his whistle, the play was been no whistle. Brud looked around saw that he was alone strolled toward the oppenents goal an dthen broke into a dead run strangest plays that ever took going 81 yards to a TD. As the teams lined up for the ensuing kickoff there seemed to be a peculiar red glow on the faces of the
